

# Grant Management for NetSuite

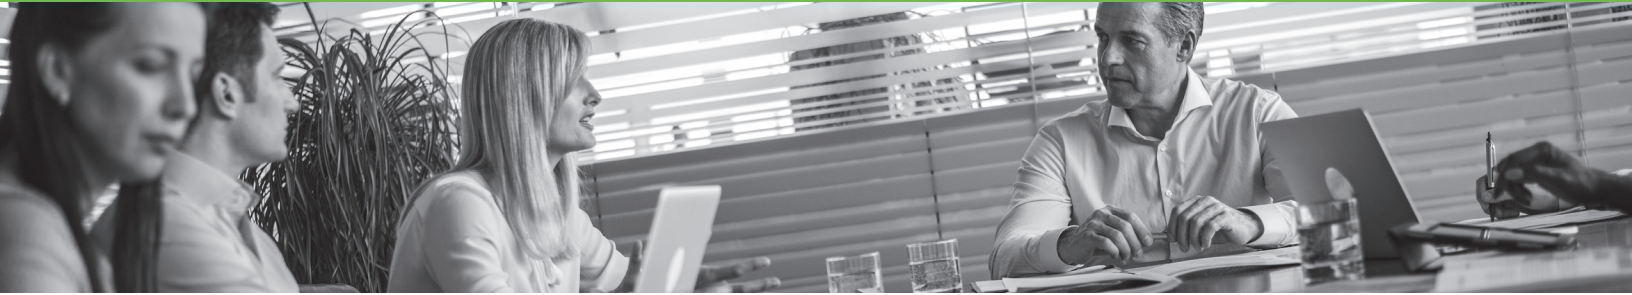

Does your non-profit organization need advanced financial functionality to:

- Provide real-time visibility of grant revenues and expenses?
- Calculate indirect grant costs and bill them back to the donor?
- Tightly enforce grant expenses based on certain donor conditions?
- Manage multiple grant initiatives under an umbrella program?
- Provide partner grant components with sub-awards?

PyanGo Grant Management for NetSuite helps all types of non-profits and government organizations manage the entire grants lifecycle starting from Grant Application, to Award Receiving, and finally Grant Closure. It extends NetSuite grant tracking functionality to provide full grant management and accounting.

The solution extends NetSuite functionality to offer advanced features like indirect cost-sharing, grant matching, allowable expenses, grant hierarchy, and grant rollups. PyanGo is also customizable and can provide additional grant features based on customer requirements.

## Built Natively in NetSuite

PyanGo Grant Management is 100% natively integrated with your existing NetSuite products so that all activity is handled in real-time and with full visibility. Using this application feels like “you have never left NetSuite” - it’s a seamless experience.

## Benefits

- Manages the entire grant process from beginning to end
- Provides real-time visibility of grant expenses, revenue, and other details
- Provides indirect cost calculation and automated revenue generation
- Delivers grant matching capability and reports matching revenues
- Enforces compliance in grant expenses
- Generates outbound sub-award grants
- Easily creates large program grants to fund smaller initiatives

## Features

- Real-time grant revenue and expenses tracking
- Automatic chargebacks to donors
- Ability to match “\$ for \$” grants with other grants
- Compliance enforcement and advanced reporting for grant expenses based on donor terms and conditions
- Ability to selectively outsource specific grant components to outside sub-recipients
- Recording of all grant life cycle changes
- Automatic restriction of grant expenses to approved accounts
- Ability to support pre-paid awards and cost reimbursable grants
